## Attempted To Saw Way Out of Jail

**Released Prisoner Gets Saws and Passes Them in to Mandeville Hall at Kingston—Westerly District Nurse Association Gets Over \$1,000 Tag Day—Other Matters of Interest in Westerly.**

Granite City company of Westerly was represented at the meeting of the officers of the First Rhode Island regiment, Uniformed Rank, Knights of Pythias, in Providence, Tuesday evening for the purpose of electing a colonel to succeed Col. Hiram D. Murray who resigned after four years of satisfactory service. Major Maurice P. Burnside of the Second battalion was elected colonel, and Capt. William G. Davis was promoted to be major.

Colonel Burnside announced the appointment of Capt. Charles P. Long as quartermaster, J. K. Carver as adjutant and William C. Gardner as commissary. Other staff appointments will be announced later.

John R. Wilcox, sheriff of Washington county, arrested John Franklin, in East Greenwich Tuesday, on a charge of breaking and entering the residence of Augustine Hazard at Narragansett. On Tuesday night of last week, among the articles stolen was a double-barreled breach-loading shot gun, which was sold by Franklin to a sumner gunner. Franklin was held in bonds of \$1,000 for appearance before Judge E. N. Lewis in Wakefield, Monday. Franklin has served terms in the state prison for burglary.

Mandeville Hall, the New York Gay Lothario, who is in the Kingston jail charged with issuing fraudulent checks on the Eastern bank, upon Col. Adolph Dick, proprietor of the New York Hill house, was detected cutting the bars of his cell in an endeavor to escape. Sheriff Wilcox was satisfied that Hall had outside assistance and suspected David Thompson, a former prisoner, whom he arrested Monday night. The accused was arraigned in the district court at Wakefield, charged with furnishing tools to aid a prisoner to escape, pleaded not guilty, and was held in bonds of \$1,000 for trial next Monday.

Sheriff Wilcox says that through Thompson's aid two prisoners received saws with which they were trying to cut through the bars of their cells. Thompson was a prisoner in the jail until Aug. 6 and while there he picked up an acquaintance with Mandeville Hall, now the most noted prisoner at the institution, and also with William Ray, who is in jail pending the action of the court on an assault case. Thompson was released on the afternoon of Aug. 6 and was taken to the Kingston railway station, where he received a ticket for Providence. He left the train at East Greenwich and purchased a hack with three extra blades. That night Sheriff Wilcox was away and Thompson returned to Kingston and to the jail. He passed the night in the jail, through the bars of the cell, after cutting away the screen just outside the bars.

Sheriff Wilcox on the following night was awakened by a noise in the jail and made investigation. He found Hall sawing the bars, and as the sheriff approached, Hall dropped the saw into the bed and fled. One bar had been cut through and Hall was at work on the second when surprised by the sheriff. Suspicion was at once attached to Thompson, and the sheriff kept his men crouched looking meanwhile for some trace of Thompson.

Sunday the sheriff received information

## We Seek the Advertisers Who Want Light

We seek mail order advertisers who are anxious for a way to reduce their selling costs. We seek general advertisers who want to find ways to get more results for their money. We seek the wise men—the good business men—the men who want actual proofs. We will tell these men how, with absolute certainty, to pick out the agent who can outsell the rest.

We appeal for good business methods in advertising—such as you apply outside. Employ salesmen-in-print on just the same basis as you employ salesmen-in-person. Accept no unproved boasts. Sign no contracts. Put it up to the men to make good. That is the only way to place men on their mettle—to keep them at constant white heat. Cling to them as long as no other men can outsell them. But always leave room to give the better man a show.

Advertising has not been largely done on that basis. The advertising agent has demanded a contract, binding the advertiser for from one to three years. The contract was blindly made—made before the agent had started to show results.

**A Baseball Nut.**  
This will do for the Hartford fans to figure on. It is a problem the umpires of the Pacific league. A runner on first started to steal as four balls were called. He was entitled to second on the force, but he overran the bag, and was touched. Umpire McCreary called him safe because he missed the second bag, and therefore was entitled to it. By some wise heads it was argued that the runner would have been safe even if he had touched second, slipped by and was tagged. But Umpire Tom Toman, the former Wilkesbarre shortstop, is not one who takes that view. "I can't see it that way," said he. "The ball was neither blocked nor dead. It was in play all the time. The runner, while forced, was entitled to second bag, but no farther. The instant he went over, the baseman was privileged to tag him."—Hartford Post.

**HOME GARMENT MAKING.**  
The Bulletin's Pattern Service.

**LADIES' SEMI-PRINCESS DRESS.**  
Paris Pattern No. 2092 — All Seasons Allowed.

A new feature of this simple model is the center-back button-plait, which extends from shoulders to hem. This is accomplished by cutting the back of the waist and the back gore of the skirt in one piece, the stitching continuing to about five inches below the waist line. The waist portion, which is made with a tuck over each shoulder, is attached to the back at the front and waist depth at the back, is attached to the skirt and the dress closes at the center-front.

The pattern is in six sizes—32 to 42 inches, bust measure. Dress requires 10 1/2 yards of material 20 inches wide, 4 1/2 yards 24 inches wide, 3 1/2 yards 26 inches wide, 3 1/2 yards 28 inches wide, 3 1/2 yards 30 inches wide, 3 1/2 yards 32 inches wide, 3 1/2 yards 34 inches wide, 3 1/2 yards 36 inches wide, 3 1/2 yards 38 inches wide, 3 1/2 yards 40 inches wide, 3 1/2 yards 42 inches wide. Width of lower edge, about 3 1/2 yards. Price of pattern, 10 cents. Order through The Bulletin Company, Pattern Dept., Norwich, Conn.

Vice Consul General Stuart J. Fuller, writing from Hong Kong May 18, reports that the longest tunnel on the Kowloon-Canton railway was pierced May 17. This tunnel, over 7,000 feet in length, was started in January, 1907.

During the fall and winter season of 1908-1909, which ended March 21, 221 persons perished by shipwreck and 89 vessels met with disaster off the New England and British North American coasts.

Then, if the agent fell down, the advertiser found himself tied to a failure. There was nothing to do but quit. We have abandoned contracts. No client of ours binds himself to remain with us. None states how much he will spend. We abide by results. If any agent can prove the power to outsell us, our client is free to go.

But we urge the demanding of actual proofs. Any agent who can outsell another can prove it beyond any question. He can prove it without asking you for any commitment. He can prove it, if you wish, while most of your advertising still goes through other channels. We shall welcome the time when advertisers in general awake to this fact, and employ it.

There is a way to prove if your advertising can bring better results than now. There is a way to know if any agent can outsell the one you employ. The way is easy, and the result sometimes has proved to be worth a fortune. If you are interested, simply write us: "Please explain the way."
